JOIN US FOR OUR GREEN CARE EVENT TAKING PLACE FROM 25TH-29TH OCTOBER !

We aim to formulate **tangible proposals for the EU**, focusing on several environmental aspects.

The event will include a diverse range of creative workshops and activities.

Participants, aged 16 to 99, will have the opportunity to voice their findings and experiences on **environmental themes** such as:

- Imagining sustainable cities for the future
- Healthy planet, healthy people
- Reducing our ecological footprint
- Concrete actions to save the planet

We will bring together participants from all over Europe. Through dialogues and interactions, they will collaboratively explore pathways towards a more sustainable future. **Your input is invaluable** as well, as it contributes to shaping the meaningful discussions required to transform these proposals into a collective voice representing citizens throughout Europe.
