

## International Link-up: Saturday 9 December 2023

'Be a family' was the gift that Chiara Lubich gave to the Focolare Movement so that it might be achieved at every latitude, to contribute to making humanity one family. The 'Link-up' was started by her to unite the Focolare communities around the world, to share news and stories of life. It began in 1980 as a collective telephone conference call and was later broadcast via satellite. It is transmitted every two months via streaming.

This time we are celebrating the 80th anniversary of the foundation of the Focolare Movement in 1943.

You are invited to join the international community **at 7pm on Saturday 9th December 2023.**
