

Glimpses of Gospel Life. The 'Little Flowers' of Chiara and the Focolare Movement.

[Doriana Zamboni](#)

£7.50

The simplicity and depth of this book are a refreshing surprise. With disarming openness the stories in its pages describe how God behaves in the lives of 'ordinary' people. It is a picture always the same, yet always fresh. God cares so much that no detail escapes his concern. The rich tapestry of circumstances, places and characters in this book illustrates the beauty of lives shaped by the Gospel.
