#InTimeForPeace - a world family connected

The entire team of Collegamento CH, a production that has linked hundreds of thousands of people, scattered across five continents, who live for universal brotherhood since 1980, in collaboration with young people and the UWP editorial staff, participated in the United World Week 2020 by creating the **#InTimeforPeace Web Event**: a live streaming that connected dozens of cities on the planet, telling stories and actions, hosting debates and artistic performances.

What does it take to be #InTimeForPeace? Taken from Chiara Lubich's the speech given on the occasion of the conferral of the UNESCO Prize for Peace Education (Paris, December 17, 1996).
